☐

Following acceptance of the application please pay the fees applicable directly to the club accounts stating your name as the reference

**Chester Motor Boat Club**

**Lloyds Bank, Sort Code 30-54-66, Account No - 20541260**

# Rules for Wet / Dry Mooring

I understand that I am responsible for ensuring that I have the appropriate insurance cover for the above vessel and I must possess the relevant licence from the river authority. I will also observe the mooring regulations of the Chester Motor Boat Club as shown below.

## **MOORING REGULATIONS**

### Wet Moorings

Occupants of river mooring are required to maintain their moorings in a tidy and ship shape condition and they must not inconvenience other craft. Occupants are also required to help in some way to maintain the club premises.

### Dry Moorings

Occupants of dry moorings are required to keep the area of their boats clean and tidy and also to help maintain the club property.

### Temporary Use of Club Moorings

A vacant club mooring may be used by a club member as a temporary mooring for using the club facilities, collecting stores or taking on water or fuel. However, the following rules must be complied with:

- The slipway must be used as the first option, if available.
- The pilot of the boat using the temporary mooring (or the slipway) must at all times be present on the club premises.
- The temporary occupant of a mooring must remove his boat immediately, if so required by the return of the regular occupant of the mooring.
- Should the temporary occupant of a mooring cause damage of any kind, then he will be required to rectify that damage immediately before departing from the club grounds.

**IN ALL DISPUTES THE DECISION OF THE COMMITTEE IS FINAL**
